

EXHIBITOR INFORMATION

The 17th annual Information Security Forum will be held on April 11-12, 2017 at the Palmer Events Center in Austin, Texas and is hosted by the Texas Department of Information Resources (DIR) and managed by the Office of the Chief Information Security Officer (OCISO).

The Information Security Forum is an educational conference bringing together security and IT professionals from public sector organizations across the state of Texas.

This premier conference focuses on security trends and upcoming technologies. Don't miss this great opportunity to network and promote your products and services to security leaders and personnel. We estimate an attendance of approximately 500 people including up to 400 security and IT professionals. Companies interested in exhibiting may choose from one of the following exhibitor packages available. Space is limited and available on a first registered basis. [REGISTER NOW](#).
